## 28 MAPLE spotlight

The Briggs family has been making quality maple products for five generations. Their products can be found in many retail locations throughout New Brunswick and they take great pride in producing top quality maple products. Located at 2979 Main Street Hillsborough, their retail storefront features amazing goodies such as syrups, spreads, confections, sugar and cookies. Briggs Maples continues to serve the local maple industry with all the necessary tools, equipment, bottles and supplies needed to successfully tap their trees. They have also recently expanded their packaging line to now carry bottles, jars, buckets and pails necessary for the packaging of honey products. The ongoing and constant expansion of this business stems back to the late 1800s and has been in the family ever since. Throughout many generations, the family would tap and collect sap from hundreds of maple trees, boiling it down and producing the great products we have now grown to love. Briggs Maples has won many awards over the years and there is no stopping them now!

For more information on the Briggs family, please visit their website at [www.briggsmaples.com](http://www.briggsmaples.com) or find them on Facebook. Stop by and taste the quality of their liquid gold!
